Monday & Friday 8:30 am - 3:00 pm 6 hrs \$44

*All fees are based on the number of days in the semester*

## information technology

COUNSELOR 754.321.5840 or 754.321.5732 | DEPARTMENT 754.321.5742

### APPLIED CYBERSECURITY 750 hrs T-D

Train for entry level positions within the cybersecurity field. Learn to design, secure, build, diagnose, repair, upgrade, configure, and maintain computer networks. Gain experience in intrusion/detection/prevention systems, network design architecture, and site fundamentals. Gain experience using diagnostic equipment common to the networking industry. (Hybrid)

**M + W 4:00 pm - 10:30 pm 588 hrs \$1814**  
**T, TH, F ONLINE**

### APPLIED INFORMATION TECHNOLOGY 750 hrs T-D

This program offers relevant and technical knowledge and skills needed to prepare for entry-level positions in the IT industry. The content includes, but is not limited to, computer application skills including computer hardware, software applications, web applications, systems support and maintenance, network concepts and cybersecurity. The program will provide exploration of information technology careers. Students prepare for the CompTIA A+ exam. (Hybrid)

**M - F 1:10 pm - 7:40 pm 588 hrs \$1814**  
**and ONLINE**

### CLOUD COMPUTING & VIRTUALIZATION 750 hrs T-D

Cloud Computing and Virtualization prepares students to work with the emerging industry of cloud computing. Master emerging cloud technologies, architecture design, infrastructure, and network fundamentals. You will learn how to adopt, operate, and govern the various technologies and business models related to virtualization and cloud computing. You will prepare to successfully complete the Cloud Essentials certification exam.

### DIGITAL MEDIA/MULTIMEDIA DESIGN 1050 hrs | 10 months T-H

Train for entry level positions within the multimedia industry by developing proficiency using *Flash*, *Dreamweaver*, *Premier* and *After Effects*. The 3d software used in the class is *LightWave*. This is a hands-on computer class that provides both the knowledge and abilities required for design and production of presentations, video editing, web design and animations.

Classes will begin March 2014

### DIGITAL MEDIA TECHNOLOGY 750 hrs | 8 months T-H

This program offers relevant technical knowledge and skills needed to prepare for careers in technical digital media positions. The content includes, but is not limited to, the creation, packaging, and delivery of digital media using *Photoshop*, *InDesign*, *Acrobat* and *Illustrator*.

**M - F 9:00 am - 3:30 pm 588 hrs \$1814**

**REGISTER NOW! [www.mcfattertech.com](http://www.mcfattertech.com)**

Prices are for Florida Residents.  
Fees are subject to increase.

### GAME/SIMULATION /ANIMATION PROGRAMMER 600 hrs | 6 months T-D

Counselor 754.321.5732

The student will learn programming fundamentals, game design, set design, animation, and game engine development, as well as how to make games and simulations that are dynamic using *FLASH CS5*, *Game Maker* and *Unity3D*. The student will be prepared to join the game industry in varied roles as a game programmer, game designer and software developer. This course will be **ONLINE**.

**M - F 8:00 am - 2:30 pm 588 hrs \$1843**

### JAVA DEVELOPMENT & PROGRAMMING 1200 hrs | 12 months T-D

This course includes but is not limited to the fundamentals of programming and software development, procedural and object-oriented programming, creating regular and specialized applications using the Java programming language, including testing, monitoring, debugging, documenting and maintaining Java computer applications. This course will be **ONLINE**.

**M - F 8:00 am - 2:30 pm 588 hrs \$1755**

### NETWORK SUPPORT SERVICES 1050 hrs | 10 months (not including labs) T-H-D

The World Wide Web, commonly known as the internet, consists of routers, switches and servers communicating through the implementation of routing protocols in the LAN and WAN. The Network Support Services Program prepares you to meet the challenges of Cloud computing, LAN development and WAN integration. Earn your Cisco certification (CCNA) and develop hands-on skills that make you a leader in the field of technology. Topics include: subnetting, routing, (RIP, EIGRP, OSPF), wireless, logical and topological design, VLAN, access control lists, and troubleshooting using a layered model.

**M - F 8:00 am - 2:30 pm 588 hrs \$1843**

### WEB DEVELOPMENT 1050 hrs | 10 months T-H

Counselor 754.321.5732

Unlock the secrets of web development in all its forms by designing, coding and publishing websites that can work in mobile, tablet, and desktop formats. To create websites that are dynamic and engaging, the student will use the cutting edge tools: XHTML, CSS, JavaScript, Photoshop, Dreamweaver, WordPress, CMS, and SEO. Develop a real world portfolio using all your acquired skills to gain entry-level employment as a web designer, developer and programmer. This course will be **Hybrid**.

**M - F 9:15 am - 4:10 pm 588 hrs \$1784 and ONLINE**

*All fees are based on the number of days in the semester*

## marine technology

COUNSELOR 754.321.5840 | DEPARTMENT 754.321.5739

### MARINE SERVICE TECHNOLOGY -\*- 1350 hrs | 12 months T-H

Do you have a passion for boats? Why not consider a career in Marine Service Technology? Due to the popularity of the boating industry in South Florida, there will always be a high demand for Marine Service Technicians. McFatter's one-year Marine Service Technology program will prepare you for a career in the pleasure boating arena by providing the knowledge and skills necessary to service and overhaul these watercraft. The program is divided into (6) six courses, covering such topics as Electrical Fundamentals, Marine Rigging, Outboard Engines, Fuel Injection Principles, Stern Drives and Inboard Engines. Students must exhibit the strong reading, math and computer skills necessary to complete the online portions of the program, and must possess a strong mechanical aptitude to prove hands-on mechanical competency.

Next Class Begins August 2014

## medical technology

COUNSELOR 754.321.5891 | DEPARTMENT 754.321.5741 or 754.321.5751

### DENTAL LABORATORY TECHNOLOGY -\*- 2040 hrs | 18 months T-H

Receive quality training in the specialized Dental Laboratory Technology program. Work for a dentist, orthodontist or in a dental laboratory fabricating restorative and corrective devices and dental replacements such as dentures, crowns and bridges.

M - F 8:00 am - 2:30 pm 588 hrs \$1872

REGISTER NOW! [www.mcfattertech.com](http://www.mcfattertech.com)

Prices are for Florida Residents.  
Fees are subject to increase.

## MEDICAL ASSISTING -\*- 1300 hrs | 10 months T-H

Join the growing medical field as a Medical Assistant. Learn office skills, laboratory skills, phlebotomy and EKGs to work as a multi-skilled professional in a hospital, clinic, doctor's office or medical laboratory.

**Next Class Begins August 2014**

## NURSING ASSISTANT -\*- 120 hrs | 4 week *Blended Curriculum* T-H

**Counselor 754.321.5840**

Wherever there is a need for personal care, Certified Nursing Assistants (CNAs), nurses aides or orderlies are there. Nursing assistants are the caregivers who, for the most part, help patients of all ages perform the most basic day-to-day tasks. CNAs work in a variety of healthcare facilities such as nursing homes or home settings under the direct supervision of a nurse. Since they have extensive daily contact with each patient, they play a key role in keeping the nurse up-to-date on the patients' conditions, while performing such tasks as, but not limited to, dressing, bathing, feeding, bed-making, toilet assisting, taking vital signs, assisting with walking and safety. This is an excellent short-term course that offers great rewards. Upon completion of the program, the student may take the State Nursing Assistant Certification Examination.

*Day Class Begins Monthly. Choose from:*

*1/6 - 2/3, 2/10 - 3/10, 3/31 - 4/28, 5/5 - 6/3*

**M-TH-F 8:00 am - 2:30 pm 120 hrs \$402  
and T-W **ONLINE****

## OPTOMETRIC ASSISTING -\*- 1080 hrs | 10 months T-H

Prepare for an exciting career by learning the skills to assist an Optometrist or an Ophthalmologist. Students learn the procedures and equipment used in diagnosing and treating eye and vision deficiencies and office procedures to work in an eye doctor's office or clinic. First (3) three weeks are in a blended online format.

**Next Class Begins August 2014**

## PATIENT CARE ASSISTANT -\*- 290 hrs | 2 months T-H

Patient Care Assistants (PCAs) receive additional training that expands the traditional role of the nursing assistant. This training includes an increase in laboratory hours, a component related to home health and a component related to caring for patients in hospitals. Under the direct supervision of a nurse, the PCA will come in direct contact with the patient in the performance of their assigned duties for clients in their home, a hospital or a nursing home. Upon completion of the program, the student may take the State Nursing Assistant Certification Examination. Completion of this program also qualifies the student to be given advanced standing in McFatter Tech Center's Practical Nursing and Patient Care Technician programs.

### **FULL-TIME DAYS**

**M - F 8:00 am - 2:30 pm 288 hrs \$891**

**M-TH 4:30 pm - 10:30 pm 292 hrs \$902**

*Medical Technology Continued on next page ➔*

*All fees are based on the number of days in the semester*

### **PATIENT CARE TECHNICIAN -\*- 600 hrs | 5 months T-H**

This program offers advanced training for employment in various healthcare facilities under the direct supervision of a professional nurse. The Patient Care Technician (PCT) will come in direct contact with the patient while performing assigned duties for clients in their homes, hospitals or nursing homes. Students also receive supplementary training in 12-lead EKG, basic phlebotomy techniques and rehabilitation aide training. Upon completion of the program, the student may take the State Nursing Assistant Certification Examination. Completion of this program and other requirements qualifies the student to be given advanced standing in McFatter Tech Center's Practical Nursing program.

**M - F 8:00 am - 2:30 pm 588 hrs \$1796**

### **PHARMACY TECHNICIAN -\*- 1080 hrs | 10 months T-H**

Prepare for the interesting world of pharmacy technician. Develop a working world knowledge of medicines and preparations, and use and doses of prescription drugs. Work with licensed pharmacists in hospitals, home-infusion, mail-order pharmacies and more.

**Next Class Begins August 2014**

### **PHLEBOTOMY -\*- 165 hrs | 8 Weeks 1/6 - 2/27/14 T-H**

If you like a challenge and responsibility, work well under pressure and communicate effectively, this course is for you. As a phlebotomist, you must be able to deal well with patients, and be able to calm them. Safety is key, and all safety precautions must be taken to prevent the transmission of infectious diseases. The student will learn content that includes, but is not limited to, communication and leadership skills, human relations, employability skills, performance of safe and efficient work practices in obtaining adequate and correct blood specimens by capillary or venipuncture while maintaining the integrity of the specimen in relation to the test to be performed, preparing blood smears, labeling specimens accurately, observing safety policies and procedures, emergency procedures including CPR, medical terminology, delivering a variety of clinical specimens to the lab, sorting and recording specimens, centrifuging specimens and preparing collection trays for specimen procurement. The phlebotomist works in blood banks, hospitals, clinics and other medical facilities, drawing blood from patients in preparation for medical testing.

**M - Th 4:30 pm - 10:30 pm 165 hrs \$521**

## practical nursing

COUNSELOR 754.321.5753 | DEPARTMENT 754.321.5751

### **PRACTICAL NURSING -\*- 1350 hrs | 12 months T-H**

Train to become a licensed Practical Nurse working in a variety of healthcare settings. A licensed Practical Nurse is responsible for patient care, and works under the supervision of a physician or registered nurse in hospitals, clinics, physicians' offices, home health and hospice agencies, schools, nursing homes, and rehabilitation centers, as well as private duty nursing. Applicants should have the ability to handle responsibility and be interested in caring for patients of all ages. Under an articulation agreement, graduates may advance into the Registered Nurse program at Broward College.

**M-TH 2:00 pm - 10:00 pm 450 hrs \$1421**

#### **FULL-TIME DAYS**

**M-F 7:30 am - 2:00 pm 450 hrs \$1421**

## success story

**DESTINI MILLER-ADKINS | PRACTICAL NURSE**

A 2001 graduate of McFatter Technical Center's Practical Nursing program, Destini's nursing career began in the Cardiac Catheterization Lab at Holy Cross Hospital in Fort Lauderdale, working under renowned cardiologist Zachariah P. Zachariah, M.D. After three years, Destini entered the world of dermatologic and cosmetic surgery, working for Roger H. Stewart, M.D. before being offered a nursing position at Advanced Cosmetic Laser Center, working for respected cosmetic surgeon and dermatologist Janee D. Steinberg, M.D. She remained in that field until 2012, when, seeking to broaden her experience and hone her nursing skills, she applied for and obtained a nursing position at Sylvester Comprehensive Cancer Center at the University of Miami, where she continues her rewarding career working under leading oncologists, using cutting-edge technology. **Congratulations, Destini, on your achievements thus far. McFatter Technical Center is proud to have you as one of our very successful alumna!**
